### PRE-MOLDING

The desired number of FOAMplus® pre-molded cushions, specifically designed for a particular packaging application, can be produced just in time and where needed.

### FOAM-IN-PLACE

If the packaged goods are especially large and heavy or have complex contours, the packaging foam can be dispensed directly into the box using the fully electric hand-held foam dispenser.

## STOROPACK – PERFECT PROTECTIVE PACKAGING

Wherever in the world you send your products, we want them to be well protected while in transit.

### FOAMplus® IS HIGH-PRECISION PACKAGING, LIGHT AS A FEATHER.

Our FOAMplus® packaging system optimally protects your products thanks to padding made of shock-absorbing polyurethane. Storopack's foam packaging is light and therefore eco-friendly, reduces transport costs, and can be reused for the same products.
